### Courses

#### Html and Css Full corse Beginner to Pro

July 2023 — July 2023

#### JavaScript full course Beginner to pro at SuperSimpleDev

July 2023 — August 2023

### Languages

- ☐ **English** Highly proficient

### Graduation Project

January 2023 — March 2023

- Individually build an end-to-end mobile app using Flutter as my graduation project with a database (firebase)

the project was a house service Mobile app that provides a lot of services with their preferred workers such as (Plumbers, electricians, mechanicals, barbers,etc), with a modern UI/UX design that serves the right purpose of being easy to use and a firebase database for users with there login info and workers info

and it was published in google play store
